SCIENCE

1. LISTEN AND READ:

a

We live in one world, you and me, with mountains, deserts, forests, towns and seas. We must look after our wonderful world.

b

We mustn't drop litter. We must put it in the bin. We can help to clean up our world. We can pick up litter in the park or on the beach.

c

Water is very important. We mustn't waste water. We must save it. Turn off the water when you clean your teeth or wash the dishes. Have a shower, not a bath.

d

We must be kind to animals. We must look after the fish and the birds, too. We can feed the birds with nuts and seeds in winter.

e

We must think about other people. We must be quiet. We mustn't play loud music. We can use headphones to listen to music.

f

We mustn't always go by car. We can sometimes walk or ride a bike to school. Or we can go by bus.
