

Task 1: Watch video <https://www.youtube.com/watch?v=3Cma8gkhVHA>

Task 2: Insert one of the symbols below into each box and decide whether each angle is acute, obtuse or a right angle. The first one has been done for you.

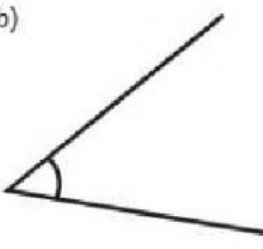

<div style="display: flex; justify-content: space-around; border: 1px solid black; padding: 5px;"> < > = </div>		
		
Acute	<	Right angle
		
		
		

Task 3: Order these angles from smallest to largest.
