

## ARE YOU ENJOYING YOUR COFFEE?

A group of former students, who had highly progressed in their careers, got together to visit their old university professor. Conversation soon turned into (39)\_\_\_\_\_ about stress in work and life.

Offering his guests coffee, the professor went to the kitchen and returned with a large pot of coffee and an assortment of cups — porcelain, plastic, glass, crystal, some (40)\_\_\_\_\_ looking, some expensive, some lovely — telling them to (41)\_\_\_\_\_ themselves to the coffee.

When all the students had a cup of coffee in hand, the professor said:

«If you noticed, all the nice-looking expensive cups were taken up, (42)\_\_\_\_\_ behind the plain and cheap ones. While it is normal for you to want only the best for yourselves, that is the (43)\_\_\_\_\_ of your problems and stress.

Be assured that the cup itself adds no (44)\_\_\_\_\_ to the coffee. In most cases it is just more expensive and in some cases even hides what we drink.

What all of you really wanted, was coffee, not the cup, but you (45)\_\_\_\_\_ went for the best cups. And then you began eyeing each other's cups.

Now (46)\_\_\_\_\_ this: Life is the coffee; the jobs, money and position in society are the cups. They are just (47)\_\_\_\_\_ to hold and contain Life, and the type of cup we have does not define, nor change the quality of the Life we live. Sometimes, by concentrating only on the cup, we (48)\_\_\_\_\_ to enjoy the coffee.»

In Germany a cleaner in the museum «very carefully» cleaned a slightly dirty bowl destroying a (49)\_\_\_\_\_ work of art, the insurance of which amounts to 80 million euros.

The bowl (50)\_\_\_\_\_ in the central hall of a museum in Dortmund, Germany. Its author is the modern German artist Mading. The work (51)\_\_\_\_\_ is a wooden structure, about 2.5 metres tall, a black bowl below a wooden frame, with white powder in the bowl. The work's theme is «when the roof began to drip».

That white substance in the small black basin represents the liquid (52)\_\_\_\_\_ down from the roof. (53)\_\_\_\_\_, the museum cleaner did not treat it as part of the artistic creation, but took it for dust, so she wiped the basin clean.

The museum's curator, Professor Victoria Tengger, is (54)\_\_\_\_\_ embarrassed and angry about the accident because the cleaning staff were not allowed (55)\_\_\_\_\_ the exhibits, and they were even (56)\_\_\_\_\_ to touch them. It is not clear (57)\_\_\_\_\_ will pay the amount of insurance, and what responsibility the cleaner will take. But this incident (58)\_\_\_\_\_ the German people's hot discussion. Many people think that the cleaner's attitude showed that such a «masterpiece» as a dirty bowl cannot be understood by the general public. And if, in some people's eyes, it is an artwork, however, for the majority it is just dust.
