NATALIE Travelling is so exciting! Personally, I like challenging myself when I am in a foreign country! I love having adventures and doing a lot of different activities! Mountain climbing, bungee jumping, canoeing, trekking, surfing, and more. I like going to strange places and doing all kind of things: walk the Great Wall in China², scuba dive in the Polynesia, surf in Australia or ride a camel in Egypt¹! Here are the photos!

MIA Travelling is the best way to enjoy your free time. For me, it means going abroad and rest. New places, new people, new lifestyles. Are you sick and tired of everything? Go to a place where nobody knows you, that's the best way to forget all your troubles. It's your opportunity to enjoy life and be yourself. Imagine to sunbathe in the Caribbean¹. You inhale the fresh ocean air, watch the blue-green waves, hear the cries of the sea gulls. Isn't that paradise?

ROSE Well, I think that different people travel for many reasons. For me, travelling is a wonderful opportunity to experience other ways of life and cultures. I travel to know new lands, people, cultures. It's a good opportunity to learn about a country's history and traditions. I like seeing how other people live, what they do, what they eat and what they believe in. You can explore Machu Pichu⁶, see Paris⁷ from the top of the Eiffel Tower, or visit museums in New York³. It's incredible!
