Flip Flop Math

A pair is a set of 2 things, like shoes, gloves, headphones, glasses, and even flip flops!

1. How many pairs can I make out of 2 individual flip flops?

1	**4**	**2**

2. How many pairs can I make out of 6 individual flip flops?

6	**3**	**1**

3. How many pairs can I make out of 10 individual flip flops?

10	**5**	**2**
