

Exercise

1. Read about Josh Chapple

Josh Chapple, a six-year-old boy, was playing in his backyard when he found a black, shiny rock. He thought it was a meteorite, and a newspaper wrote a story about it. Meteorite collector, Robert Elliott, was looking at the newspaper's website when he saw the story. He knew immediately that Josh's rock wasn't a meteorite. However, he didn't want Josh to be disappointed, so he sent him a real meteorite. It was from the Sahara desert. A meteorite collector found it there in 1999. Josh was very happy when he received the gift. He said, "It's amazing—this has come all the way from space!"

Now read the sentences and write *T* (true) or *F* (false).

- 1 Josh was walking to school when he found a black, shiny rock.
- 2 Robert Elliott wrote a story for the newspaper about Josh.
- 3 Robert Elliott was on the computer when he heard about Josh's rock.
- 4 Robert Elliott gave Josh a real meteorite because he didn't want him to be disappointed.
- 5 Josh was happy because the meteorite came all the way from the Sahara desert.
