PICTURE STORY

Click on the play button to listen to the picture story below. To have a better understanding of the concept of picture reading

A Short Story.
 Read the text and the comprehension questions. Pick the correct answers.

Raspberries.

My Mommy packed red raspberries in my lunch box. "I see different sizes of yummy raspberries in the store," I said to my friends. "Raspberry fruits contain iron, vitamin C, and antioxidants," said David. "They are usually eaten fresh, often with cream or ice cream. Jellies and jams can be made from them too!" Samuel added.

1. What colour is the raspberry in the picture?

A. green.

B. red.

C. yellow.

2. What are two things that are made from raspberry?

A. jelly and jam.

B. juice and crackers.

C. raisins and nuts

3. What do raspberry fruits contain?

A. protein, carbohydrate, and fat.

B. minerals, water, and electrolyte.

C. Iron, vitamin C, and antioxidants.

What's the order?

Put these pictures in the right order. By numbering them in the correct order to tell the stories below [1, 2, 3].
