1. Read the essay

My school year

by Jackie Roberts

Although we've had a lot of work this year, I've enjoyed being in Year 7. The highlight for me was our class trip to the British Museum. It was amazing! I only saw the Ancient Egypt part but I definitely want to go back soon and explore some more.

I started playing hockey this year. Although I'm not very good at it, it's now my favourite sport. I'm going to carry on with it next year, I hope.

Of course not everything has been great. The worst part was exam time. This year the exams were really hard. However, it was such a nice feeling when they were over that it was almost worth it.

It's been a good year, but I'm looking forward to the last day of term. We're planning a party. Everyone will bring something to eat and we'll play music, dance and play some games, too. It'll be fun and then we'll be on holiday!

NEW WORDS:

highlight- върха, най-хубавото

definitely- определено, със сигурност

explore- изследвам, изучавам

carry on- продължавам

worth it- заслужава си, струва си

I'm looking forward to- очаквам с нетърпение
