Taylor Swift is an American country-pop singer from Pennsylvania, USA. She plays the guitar, the piano and the ukulele, and she writes all her own songs. She is considered by critics all over America as one of the best singers ever.

## musical biography

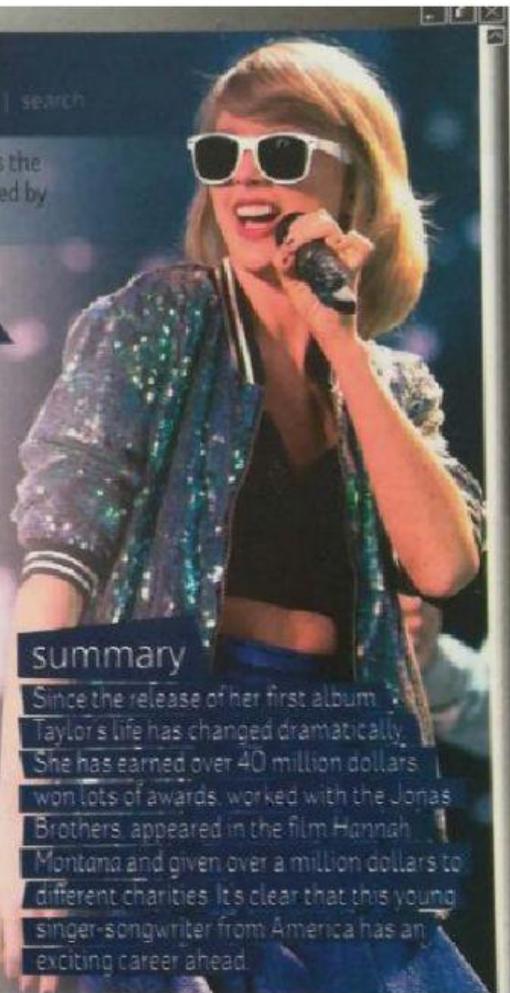

Taylor was born in 1989 and her rise to fame has been steady and uneventful. She started writing songs when she was 12 years old and her break came at the age of 14 when she was singing at the Bluebird Café in Nashville. She was seen by Scott Borchetta, a record producer, and was given a recording contract with Big Machine Records. Three years later, in 2006, she released her first album, *Taylor Swift*, which produced five hit singles. She was nominated for the Best New Artist Award at the 50th Grammy Awards that year. Since then, she has won four Grammy Awards. Her second album, *Fearless*, was released in 2008 and stayed at the top of the album charts for 11 weeks. While both her first and second albums stayed in the charts, she became the biggest selling artist of 2008. Her third album, *Speak Now*, was released in October 2010 and sold more than a million copies in its first week. Her latest album, *Reputation*, was released in 2017.
