## READING

### 7) READ SOPHIE'S BLOG ABOUT A BAND CALLED "SUPER SUMMER". ARE THE SENTENCES TRUE (T) OR FALSE (F)?

Hi! My name's Sophie and I love music. I'd like to hear from other *Super Summer* fans! Send me a message!

I don't listen to much rap but I love listening to any pop music! Super Summer are the best band around at the moment, I think. I love listening to their music with my friend Carla. We often do that and we really liked their last album, *Alone*. Did you?

I like Zed best. He usually plays the guitar but on their last album, he also played the drums. Carla's a bigger fan of Jack, the one on keyboards. Carla wants to play that instrument really well too, but she's still learning. I had my first lesson on the guitar last week. My fingers hurt so much!

Carla and I couldn't go to Super Summer's last concert in the park! Were you there? Tell us about it!

**8) READ THE ARTICLE AND ANSWER THE QUESTIONS.**

I think our street is a very interesting place because all our neighbours come from different countries. We all get on well with each other. I'm English, but our next-door neighbours are Polish and the family opposite us are from Bulgaria.

My best friend, who lives in our street, is from Wales and he speaks Welsh and English. He speaks English with a strong Welsh accent. He is trying to teach me some words in Welsh, but it's difficult and I'm not very good at it! Other neighbours are Chinese and Canadian.

Every summer we have a big street party and all the neighbours cook something from their own country. We learn songs in each other's languages and dance in the street. My friends and I also play in a band. We have great fun together.

Every December we visit the other houses to celebrate Christmas in different traditional ways and we also celebrate the Chinese New Year.

We've got friends who live all over the world and we keep in touch with them by chatting on Skype or Facebook. I love technology! I'm very interested in learning about different cultures and I can do that right here in my street!

**1-Where is the boy's best friend from?**

\_\_\_\_\_

**2-What do they do at the street party every summer?**

**3- Is the boy interested in other cultures?**

**4- How do they communicate with their friends all over the world?**
