

Hi! I'm Draco the dragon. I have a **big castle (1)**. I have brother, two sisters and parents. Here we have very nice beaches. In winter I go to school but in summer I go to the beach every day. It's my favourite season because school is over and the weather is good for games like **playing football (2)** with my friends. I love and **sunbathing (3)** in the swimming pool on my **air mattress (5)**. In the evenings I meet my friends, Willy and John, at the cafe for drinking juice. My best friend is Willy. He has got three heads and a long tail. Its body is green. It is eleven years old and I'm nine. He also likes summer, going to the beach for **diving (6)** and playing there with a **beach ball (7)**. What about you? Have you got a best friend?
