

Drag & drop

Conserving water at home

Grey water

Close taps

Re-use water

Fix leaks

:taps, pipes/ toilet valves that is not closed properly waste a lot of water.

:Water used for cooking e.g. vegetables

can be cooled & used to water plants in the garden.  (water from showers, baths, basins & washing machines can be used for watering the garden.

:Dripping tap waste many litres of water per day.
