

Chimps are clever!

I. Read and complete the sentences.

Christina is watching a TV programme about chimpanzees. She learns that chimps are clever and amazing animals. They can climb trees, talk to other chimps and use tools to get food. But there are not many chimps left in the wild. They are endangered because people are moving into their habitat. Sam can talk, climb trees and use tools to get food, too. He hopes he isn't endangered.

Endangered – Clever – Tools – Chimpanzees – Talk

1. Christina is watching a programme about _____, or chimps.
2. Chimps are _____ and amazing animals.
3. They can climb trees and _____ to each other.
4. Chimps use _____ to get food.
5. There aren't many chimps in the wild – they are _____.
