The destruction of Pompeii is a historical story based on facts. It's about the Roman town of <sup>1</sup> Pompeii. Behind the town there was a <sup>2</sup> called Vesuvius. One day, Lucius and Olivia were in the market and they were <sup>3</sup>. But then there was smoke from Vesuvius and the people of Pompeii were <sup>4</sup>. The sky was dark and the children were lost and very <sup>5</sup>.

I like this story. My favourite character is Max. I don't like the first part – I was <sup>6</sup>. My favourite part is when Max shows the children how to escape. I was <sup>7</sup> – I like the drama!

I think this historical story is fantastic. My favourite part is when the children visit the market together. Lucius' dog is called Max. He's very <sup>8</sup>.
