

Who ,What,When... ve How ile başlayan soruların noun clause (isim cümlecığı) a dönüştürülmesi için soru yapısından çıkarılması gerekir.Bu durumda soruda kullanılan soru sözcüğü noun clause 'un başında kalır ve ana cümle ile isim cümlecığını birbirine bağlar .

e.g:When did she arrive home ? I wonder when she arrived home

NOT :Özne sorularında soru yapısı aynı kalır ancak nesne sorularında değişir.

e.g:Who broke the window? Nobody knows who broke the window.

ÖNEMLİ HATIRLATMA : Relative Clause'larda kullanılan who, whom, which, when, where, why, whose ve that gibi Relative Pronoun'lar Noun Clause'larda da kullanıldığı için bu iki yapı birbirine benzemektedir; ancak Noun Clause'lar ismin yerine kullanılırken Relative Clause'lar ismi nitelemek için kullanılır.
