

Listen and read. Leo y escucho. (Practico leerlo prestando atención a la pronunciación)

**1**

sharp teeth

Some animals eat only meat. They are carnivores. Lions, tigers and crocodiles are carnivores. They've got big, sharp teeth.

**2**

flat teeth

Some animals eat only plants. They are herbivores. Zebras, antelopes and hippos are herbivores. They've got flat teeth.

**3**

Some animals eat meat and plants. They are omnivores. They've got sharp teeth and flat teeth. Monkeys, birds and frogs are omnivores. People are omnivores, too!

**4**

beak

Birds haven't got teeth. They've got beaks to eat seeds and bugs. Some birds have sharp beaks to eat fish and meat.

What are you? Are you a herbivore, a carnivore or an omnivore?
