

UNIT 5

Let's go outside

There are four seasons in a year: spring, summer, autumn and winter. Every season has got three months.

Winter usually begins in December and ends in March. It is cold in winter and often snows. There is much snow on the ground. It gets dark early in the evening. It gets light late in the morning. In winter we have the shortest days and the longest nights. It is difficult and unpleasant to get up early in the morning in winter because it is dark and cold. We usually wear a coat, scarf, gloves and boots in winter.

Spring comes at the end of March. The sun begins to shine more brightly, the days become longer and the first spring flowers appear everywhere. At the beginning of spring it is still cold, but at the end of it, it gets much warmer. Sometimes it rains. Of course, in spring it is much warmer than in winter but it is not so warm as in summer. People put on a sweater, jeans, a hat or a cap, a jacket, a dress.

Summer is the warmest season of the year. It begins in June and ends in August. In summer it gets light early in the morning and it gets dark late in the evening. In summer we have the longest days and the shortest nights. It often rains but the rain is warm and does not last long. We put up a T-shirt, sandals, dress or shorts, maybe skirt.

After summer comes autumn. Autumn is a beautiful season. Many people say that autumn is the most beautiful season of the year. In October and November it often rains. Sometimes it even snows. It gets windy. Of course, it is not so cold as in winter yet, but we know that winter is coming. People are wearing a coat or a raincoat, a warm sweater, trainers, warm trousers.

COMPLETE THE SENTENCES

1. We have got four of the year
2. There is much in winter.
3. We always put on a hat in .
4. Sometimes it in spring.
