

Unit 10

Be Aware, Take Care!

Let's listen.

****Click each conversation to listen.**

Encik Hakimi and the pupils of 6 Robotics are talking about road safety. Listen to their conversation.

What do you call people who walk along or cross roads illegally, Encik Hakimi?

They are called jaywalkers.

What happens if people jaywalk?

Jaywalking often results in serious injury or at times death.

What are the safety measures taken to prevent people from jaywalking?

Pedestrian bridges and sky bridges are built for pedestrians to cross safely from one side of a busy road to the other. These bridges have lights, walls, roofs, and other safety features. They help to protect people walking on the bridge.

Listen to the statements and answer 'Yes' or 'No'.

1. Pedestrian bridges are built for people to cross the road safely.
2. Jaywalkers adhere to road safety rules.
3. There is only one type of bridge built over busy roads.
4. Jaywalkers can be seriously injured if they attempt to cross roads illegally.

Look at the text below. Then answer the questions that follow.

Jaywalkers are people who walk along or cross roads illegally. Jaywalking is dangerous as it often results in serious injury or at time death. For safety, pedestrians are advised to walk on pedestrian bridge and sky bridge. Furthermore, these bridges have lights, walls, roofs, and other safety features, so they can cross the road safely.

Read the statement. State 'True' of 'False'

1. Pedestrian bridges are built for people to cross the bridge safely. _____
2. Jaywalkers obey the road safety rules. _____
3. Pedestrians can use sky bridge to cross a busy road. _____
