

Perdedores hermosos, by Luca Prodan

Read the lyrics and complete the gaps with the Present Simple form of the verbs in brackets. Then, listen to the song and check.

The cracked paint on the ceiling,
the laughter when you're feeling
really dead inside.

And Gary (come) with Marianne,
and Julie brought sin with his Susan
They (say) 'don't hide'.

A muffled voice (to be) on the TV
in your car, you (see) just tea leaves.
Take a look inside.
What ?(you/see)
Take a look inside.

And you'll see only beautiful losers
lovely, lovely losers
like you and me.
Only beautiful losers
lovely, lovely losers,
like you and me.

(Repeat)

The sun (shine) through the window
and it's cold just like an iceflow

like you and me.

And we (spit) blood while we're laughing
(leave) all our lies for nothing
just like the sea.

And David (cry) for Caroline
and Julie she (waste) all her time
just on shooting stars

I just (lie) and meditate
but then I smash and (curse) and (hate)
the whole damn farse.

Beautiful losers,
lovely, lovely losers,
like me and you.

Beautiful losers
we (to be) darling, darling losers,
like me and you

...

my song (to be) true.
