

## Orientation Week 2 - Day 1

### Worksheet 2

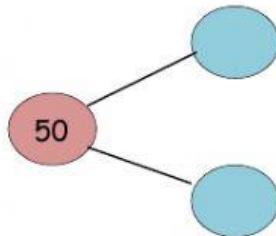

#### "Making Number Bonds"

1. Jane and Billy have 50 counters altogether.

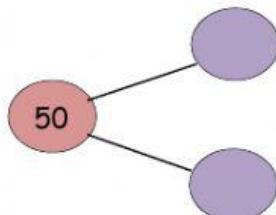

Jane has more counters than Billy.

How many counters does Jane have?

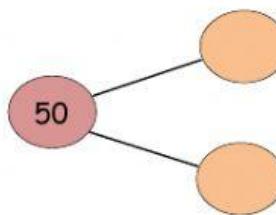

a.

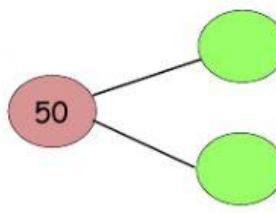

b.

c.

d.

2. According to questions number 1, write down the equation.

a.  $50 - \underline{\hspace{2cm}}$  (Jane) =  $\underline{\hspace{2cm}}$   
 $50 - \underline{\hspace{2cm}}$  (Billy) =  $\underline{\hspace{2cm}}$

b.  $50 - \underline{\hspace{2cm}}$  (Jane) =  $\underline{\hspace{2cm}}$   
 $50 - \underline{\hspace{2cm}}$  (Billy) =  $\underline{\hspace{2cm}}$

c.  $50 - \underline{\hspace{2cm}}$  (Jane) =  $\underline{\hspace{2cm}}$   
 $50 - \underline{\hspace{2cm}}$  (Billy) =  $\underline{\hspace{2cm}}$

d.  $50 - \underline{\hspace{2cm}}$  (Jane) =  $\underline{\hspace{2cm}}$   
 $50 - \underline{\hspace{2cm}}$  (Billy) =  $\underline{\hspace{2cm}}$
