Are you a cat? You don't look like a cat. A cat is furry. It has a long tail and four

You have two legs and no fur. But you can run and jump like a cat.

A flower can have petals of pink or yellow or red.

You have no petals, and you won't grow as tall as a tree. But, like a flower and a tree, you are growing.

Many things are not alive. A is not alive. Your bike, a book, the swing, a doll – None of these is alive.

All living things need, food and air. They use them to give them energy. They need this energy to and move.

Trees and flowers are ALSO living things; they are not Trees and flowers are living things called

Plants can't run or jump or They do not eat or drink or breathe the way YOU do or the way a CAT does. But they NEED water, air and food. And they can move and grow.
