Yesterday I went to the cinema. "The Secret Life of Pets" was just great. I loved it. \_\_\_\_\_ lot people at the cinema. It's a film about our pets. Ever wonder what our pets do while we're not home?

\_\_\_\_\_ a huge fat grey cat named Chloe. She hated cat food so \_\_\_\_\_ a fridge full of food that she "attacked". \_\_\_\_\_ a chicken and a delicious pink cake that she devoured.

\_\_\_\_\_ many other animals: cats, dogs, birds and other animals. \_\_\_\_\_ a guinea pig but \_\_\_\_\_ a monkey. \_\_\_\_\_ a white rabbit, Snowball, that was cute and evil at the same time.

\_\_\_\_\_ a brown and white dog named Max. He was one of the main characters in *The Secret Life of Pets*. He was Katie's dog. Ahhh... of course love was in the air.

\_\_\_\_\_ a white Pomeranian named Gidget with large blue eyes, small pink ears and \_\_\_\_\_ a pink bow on her head. Just adorable.

***Good work!!***
