

HABITAT

It is a home of an animal or plant. Almost every place on Earth, from the hottest desert to the coldest ice pack.	ARTIC	
There's no much rain, very dry and hot. It has not much water. Animals there conserve water.	HABITAT	
More than ½ of the Earth surface. It's the home for many marine creatures.	FOREST	
It has many trees. ⅓ of the world's land surface.	DESERT	
A cold area at the top of the Earth. Open areas where mostly grass and flowers grow.	OCEAN/ SEA	
More than 40% of the land on Earth. Open areas where mostly grass and flowers grow.	GRASSLAND
