What are you going to do next weekend?

What am I going to do next weekend? Well, I'm not sure, but I think I'll probably stay at home all day on Saturday and clean my apartment. I know that sounds pretty boring, but my apartment is a bit messy. It's about time I cleaned it up! On Sunday, however, I have some more interesting plans. I'm going to meet two or three friends at a restaurant at eight o'clock and have breakfast. We usually do that once or twice a month. After that, we're going to go window shopping at a shopping mall. At noon, we're going to have lunch. We're going to eat at an Italian restaurant. I love Italian food! And then we'll probably visit a museum. I don't really like to go to museums that much, but my friends really like museums. But I think I'll still have a good time!

Write what you are going to do next weekend.

Use both "will" (for possibilities) and "be going to" (for definite plans)
