

TALLER #1 CONVERSIÓN DE UNIDADES CON LA MULTIPLICACIÓN

1) 15 MB -> KB

2) 26 GB -> MB

3) 486 TB -> GB

The diagram consists of two parts. The top part shows a staircase pattern of squares. The first row has 4 squares, the second row has 3 squares, the third row has 2 squares, and the fourth row has 1 square. Below this pattern is a horizontal line, and then a row of 7 squares.

4) 159 PB -> TB

The diagram illustrates the sum of the first four natural numbers twice. The top group of four rows shows a sequence of squares: 1 square in the first row, 2 in the second, 3 in the third, and 4 in the fourth, totaling 10 squares. The bottom group of four rows shows the same sequence, also totaling 10 squares. A horizontal line separates the two groups, and another horizontal line is placed below the second group.

5) 10240 B -> b
