

About to go on a journey

Chris	
Ellie	Yes, I have always wanted to do that!
Chris	Great! What is so special about it? The walking tour? The view from the top? The nature? The silence?
Ellie	
Chris	Is it sometimes dangerous to stay in the mountains – especially when the weather changes?
Ellie	
Chris	
Ellie	Wow! That sounds great! What will be the most amazing thing for you?
Chris	Disney World is one of the highlights, of course, but also the tour in the Everglades.
Ellie	
Chris	
Ellie	Isn't that dangerous, too?
Chris	
Ellie	
Chris	Me too!

You are right! And it is so good to be together in a group and to sleep in a tent out in the wilderness.

Awesome! Can't wait to hear from your adventures!

Hi Ellie, you are going on a mountain tour next summer?

Well, you have to accept the rules strictly. Then it is not dangerous at all!

I see! We are going to Disney World in Orlando next summer!

Yes, so it is important to check the weather forecast before you set off.

That is a national park in the south of Florida with a lot of water and – crocodiles!

The Everglades? What is that?
