Reading**Read the following passage then answer the questions.**

People have been playing team games since ancient times. People have always loved to be part of a great team, to compete their hardest with others, and to win, too.

Games have changed. They have changed because now there are clear rules. These make everything about a game clear to everyone.

Take football, for example. In the past, hundreds of people sometimes played for days, and matches were not very safe, either: players often kicked each other more than the ball! Then, in 1863, players from different teams met, decided the rules together, and invented the modern game. The rules have helped to make football the world's favourite sport.
