

USED TO: THEN AND NOW

Introduction

In this 'used to' activity, you will write sentences about the way things used to be and the way things are now using 'used to' and the present simple.

Procedure

Watch the video. Then write under the RELATED TO column each of the situations that are been compared in the video. After that, write sentences related to each one of the situations, in sentence form using 'used to' under the THEN column. *Remember that we use 'used to' to talk about past habits, routines and states.*

When you finish that, start writing sentences under the heading 'Now', but this time use the present simple to talk about present habits, routines and states in comparison to the past.
