

I Love Me

by Demi Lovato

Flippin' **threw/through** all of these magazines
Tellin' me who I'm supposed to be
Way **too/to** good at camouflage
Can't see what I am, I just see what I'm not
I'm guilty **around/about** everything that I eat (Every single thing)
Feelin' myself is a felony
Jedi level sabotage
Voices in my head make **out/up** my entourage

[Pre-Chorus]

'Cause I'm a black belt when I'm beating up **on/to** myself
But I'm an expert **at/in** giving love to somebody else
I, me, myself and I **don't see inside/ eye to eye**
Me, myself and I

[Chorus]

Oh, why do I compare myself to everyone?
And I always got my finger **in/on** the self-destruct
I wonder when I love me is enough (Yeah, yeah, yeah) x2
Why am I always looking for **a ride or die/fly?**
'Cause mine's the only heart I'm gonna have for life
After all the times I went and fucked it **on/up** (All the times I went and fucked it **on/up**)
I wonder when I love me is enough, mmm (Yeah, yeah, yeah)

[Post-Chorus]

(Yeah, yeah, yeah, yeah) x2
(Yeah, yeah, yeah, yeah) I wonder when I love me is enough x2

[Verse 2]

Haters that live on the internet (On the internet)
Live **in/on** my head, should be paying rent
I'm way **too/to** good at listening (Listening)
All these comments fucking **on/up** my energy (Energy)

[Pre-Chorus]

[Chorus]

[Post-Chorus]

[Bridge]

I'm my own worst critic, talk a whole lot of shit
But I'm **a ten/nine out of ten** even when I forget
I, I, I, I, I (I'm **a ten/nine out of ten**, don't you ever forget it)
I'm my own worst critic, talk a whole lot of shit
But I'm **a ten/nine out of ten**, even when I forget (Hey, oh)
I, I, I, I, I (Yeah)

Yeah, yeah (Yeah, yeah, yeah, yeah) x2
(Yeah, yeah, yeah, yeah) I wonder when I love me is enough x2
