

**Hi girls! Let's put everything we learned into practice!**

GEORGINA IS A TEENAGER FROM USA. JOIN HER TO DO THE FOLLOWING ACTIVITIES. LET'S GO!

## 1. READING

Georgina and her friends are talking about their plans for the future.

### What are we going to do after school?

#### ✓ That's a serious matter

Hi! I'm Thomas. This year is my last year at school. I really want to go to University, but in order to do that I need to get a job. I'm thinking about taking a part-time job as a sales rep at the local mall. Maybe, if I do that, I will save enough money to go to University next year. I'm going to study Law. I'd love to be a prestigious lawyer.

I'm Anna. I don't know what I am going to be. It's a hard decision for me. I love music; but I'm not a good singer. I also like painting; and I'm very good at it. Still, it's hard to decide. My mom thinks I will be an accountant like my older sister. That's not a possibility at all. I hate Math! I believe I will be an artist...

My name is John. Last month I visited my brother at Yale University. He wants to be a professional basketball player, and he has a sport scholarship. So, he has to study and train every day. That's what I want to do. I'm going to be a professional basketball player, too. We love this sport. It has always been our dream. I'll continue training and studying hard.

I'm Georgina. I have always wanted to be a teacher. When I was a child, I used to play to be a primary school teacher with my cousins. I love teaching and helping others to learn, particularly, children. I still have two more years to decide; but, I really want to be a teacher. There isn't any teacher in my family, I would be the first one. I can't wait for my first day at work!
