

Maths Live Worksheet

Grade 5

Circle

Q1. What is circumference?

- Ans :-
- 1.The distance around a circle.
 - 2.The space inside the circle.
 3. A line from side to side passing through the center
 - 4.A line from the center to the side.

Q2. What is the area of a circle?

- Ans :-
- 1The distance around a circle.
 - 2.The space inside the circle.
 - 3.A line from side to side passing through the center
 - 4..A line from the center to the side.

Q3 The distance from a center of a circle to a point on the circle

- Ans :-
- 1.radius
 - 2.diameter
 - 3.circumference
 - 4.pi

Q4. the ratio of a circle's circumference to its diameter

- Ans :-
- 1.area
 - 2.circumference
 - 3 pi
 - 4.radius
