That's awesome! Who played and who won?

Really? You have to tell me something about London. How long did you stay?

Greenwich is a part of London and you can get there by boat - on the river Thames of course.

Yes, we went on a double decker bus tour, visited the Shard which is the highest building in London and we watched a football match at White Hart Lane.

Hello Andy, I came back on Tuesday. And I am still completely tired.

It was not far from the Tottenham stadium, so we had a short way home after the match. You can imagine how many people are on the way out of the stadium after a match like that!

Was it a long trip?

A draw! Where did you have your hotel?

Great! Did you do any other sightseeing?

Not so long. There is a wonderful park and up the hill there is the Greenwich Observatory - with the Prime Meridian. So interesting!

It must have been thousands! What did you not like about London?

Five days. It was awesome. My favourite was the boat trip to Greenwich.

The weather! It often rained! And the food - too much fried stuff!

Greenwich? What did you do there?
