Read the text and choose the correct option

The future of car driving

What will it be like driving a car in the near future? Maybe we'll all (25) automatic cars every day. But one thing is certain; there will be more gadgets to help us. Technology firms, however, are developing complex systems that will allow cars to drive themselves, so by the end of the next decade, (26) goodbye to human drivers? Maybe for some repetitive journeys, driverless cars (27) be seen on our roads, but I (28) 'saying' to my car, 'At 9.00 this evening, you will (29) the bank on your way to the supermarket, so please pick up some money for me.'

It's true that most accidents are caused by driver error and I (30) this new technology will change things — we (31) just be swapping driver error for driverless error. After all, technology has a habit of going wrong. One thing is sure, in ten

years' time, I personally won't be sitting in the passenger seat with nobody next to me. And I (32) given up control of something that I love doing.
