

GADGETS

I want to listen to music but I can't find my **earphones / plugs** because my brother is using them! 'I got them cause they're better than mine!', he says. 'It's OK', I say.

I can use my new **speaker / battery** that plays music really loud. However, when I look inside, the **plug / battery** isn't there because it's in my brother's digital camera and, guess what? His friend's got it at the moment. In the end I decide to watch a film on my **cable / tablet** but I can't find it.

I look in my brother's bedroom. On his desk there's a pile of **earphones / cables** that are all different lengths. I finally find the short black one with the right **plug / selfie stick** on the end of it for my tablet..
