## **GADGETS**

I want to listen to music but I can't find my earphones / plugs because my brother is using them! 'I got them cause they're better than mine!', he says. 'It's OK', I say.

I can use my new *speaker / battery* that plays music really loud. However, when I look inside, the *plug / battery* isn't there because it's in my brother's digital camera and, guess what? His friend's got it at the moment. In the end I decide to watch a film on my *cable / tablet* but I can't find it.

I look in my brother's bedroom. On his desk there's a pile of *earphones* / *cables* that are all different lengths. I finally find the short black one with the right *plug* / *selfie stick* on the end of it for my tablet..
