

Name: _____ Group: _____
Teacher: _____ Date: ____ / ____ / ____

Test of English

READING

I. Read the text and complete the sentences with one word.

Cape Town, South Africa

The Climate in Cape Town, like in Los Angeles, has a Mediterranean climate with cool, rainy winters and warm, dry summers. It has 3,100 hours of sunlight a year. In the summer, that's eleven hours of sun a day. Winter begins in June and ends at the end of August. The average maximum temperature is 18 degrees Celsius (64 degrees Fahrenheit) and the minimum is 8 degrees Celsius (46 degrees Fahrenheit). Summers are from December to March. February can be very hot and windy. The average temperature in summer is 24 degrees Celsius (75 F). These are the seasons; however, the weather is a little crazy in Cape Town: people say you can have all four seasons in one day!

- a) It's cool and _____ in the winter.
- b) It's hot and _____ in February.
- c) _____ ends in March.
- d) _____ starts in June.
- e) People in Cape Town say you can have four _____ in one day.
