The Visitor

My name's Kit and I live near the sea. One evening last autumn, I **walked** to the beach and **stopped** near a rock to look at the waves. Suddenly a boy of ten **appeared**. His clothes were wet and there was a silver bracelet with the letter D around his wrist. He **walked** towards me and his first words were :

" My sister Amy is in trouble at Rock Point. A wave **pulled** her into the sea .She can't swim very well " .

" Did you call 999 ? " I **asked** .

" No, I didn't " He **replied** . " But you can save her "

" Can you come with me ? " I **asked** and **hurried** to my boat. But the boy didn't answer. Suddenly he wasn't there . Who was he ? . Where was he ? I **pushed** my boat into the sea.
