

**EXERCISE 1: Fill in the gaps with the missing words**

**Nights**

All of my \_\_\_\_\_ nights  
and all of my \_\_\_\_\_ fights  
I can't believe they've been about you!  
And all of my \_\_\_\_\_ days  
and my peculiar ways,  
don't mean a thing when I'm without you!

And I, I am \_\_\_\_\_ going insane  
every time I hear your name  
every time I feel you close to me!  
And I, I am totally falling for you.  
Ain't got a clue what to do.  
My \_\_\_\_\_ nights away from you!

All of my \_\_\_\_\_ nights,  
staring at city lights.  
Counting the days I spend without you!  
All of my \_\_\_\_\_ tears  
and all of my hopes and fears,  
they come to life when I'm around you!

And I, I am \_\_\_\_\_ going insane  
every time I hear your name  
every time I feel you close to me!

And I, I am totally falling for you.

Ain't got a clue what to do.

My \_\_\_\_\_ nights away from you!

**EXERCISE 2: Which of the words in the song ending in -less can also take the suffix -ful?**

**What is the change in meaning?**

---

---

---

---

---
