Instruction: *Answer all questions*

A lorry depot was broken into between 11:00pm and 04:00am. The night guard was on duty between 09:00pm and 03:00am. It was discovered that the depot had been broken into at 04:00am. A window was found broken on the south side of the building. The only facts known at this stage are:

- The night guard reported no problems while on duty.
- A local resident saw a man acting suspiciously around the depot at 12:15pm.
- The depot stored high priced electronics.
- The depot had repeatedly reported lost stock items.
- The robbery occurred on Saturday morning.
- There was no CCTV evidence.
