Name: _____ Date: _____
Rounding Whole Numbers

Fill in the chart below. Round each number to the nearest place value identified.

	Million	Ten Thousand	Thousand	Hundred	Tens
239 103		240 000			239 100
8 144 631			8 145 000	8 144 600	
804 255				804 300	804 260

Analyze the first number and the number it was rounded to. Identify the place to which each number was rounded.

56 321 rounded to 56 000 was rounded to the nearest

14 463 752 rounded to 14 000 000 was rounded to the nearest

144 218 rounded to 100 000 was rounded to the nearest
