

JOCOSIDADES CIENTÍFICAS
BUCEANDO ENTRE LETRAS

RETO CIENTÍFICO CETMAT

A diagram of a chloroplast, an oval-shaped organelle with a green outer membrane and a lighter green inner membrane. Inside, there are stacks of green, disc-like structures called thylakoids. Labels with leader lines point to the following parts: outer membrane, inner membrane, stroma (the fluid-filled space inside the inner membrane), thylakoids, and granum (a stack of thylakoids).

$$\frac{2x + 3x + 72}{6} = x$$
