Hi Sachiko,

How are things with you? I'm so happy that I'm going to see you at Mia's party. We're going to have a great time!

Guess what! I was in the library after history class today. Your friends Jared and Gustavo were there, too. They were talking a lot, and they were really noisy. I was so surprised! Mrs. Martinez was really mad at them. They stopped talking when she told them to be quiet.

By the way, I took my math test this morning. It wasn't easy, but I think I did well.

See you soon!
Laura
