### 4 Write the verb in the past tense

Yesterday I visited the science museum  
 with my family. I visited it. I stopped  
 to see the dinosaur exhibit. I looked at the  
 dinosaurs for a long time. I didn't want to  
 leave, but my brother wanted to play in the  
 kid's zone. We touch and played with  
 all the exhibits there. I learned about  
 meteors\* and electricity. My brother tried  
 to wear the space suit, but it didn't fit right.  
 My parents enjoyed themselves too. What a  
 great day!

\*meteor: a shooting star
