

READ AND DRAG

Miss Cecilia

The image displays a matching exercise. At the top, there are ten hearts of different colors: blue, red, purple, brown, white, green, pink, orange, yellow, and grey. Each heart is connected by a line to a rectangular box of the same color. The boxes are arranged in two rows: the first row contains five boxes (blue, purple, white, pink, yellow) and the second row contains five boxes (red, brown, green, orange, grey). Below the boxes, there are ten small rectangular frames, each containing a cartoon girl in a yellow shirt. The girls are shown in various poses and expressions, some holding hearts or having sparkles around them. The task is to drag the hearts to the correct boxes based on color matching.
