

Odejmowanie z rozpisywaniem w zakresie 20

Zapisz działania według wzoru i oblicz:

$$14 - 9 = 14 - 4 - 5 = 10 - 5 = 5$$

$$13 - 6 = 13 - 3 - 3 = 10 - 3 = \dots$$

$$12 - 3 = 12 - 2 - 1 = \dots - \dots = \dots$$

$$12 - 9 = 12 - \dots - \dots = \dots - \dots = \dots$$

$$13 - 4 = 13 - \dots - \dots = \dots - \dots = \dots$$

$$17 - 8 = 17 - \dots - \dots = \dots - \dots = \dots$$

$$11 - 6 = 11 - \dots - \dots = \dots - \dots = \dots$$

$$12 - 7 = 12 - \dots - \dots = \dots - \dots = \dots$$

$$11 - 3 = 11 - \dots - \dots = \dots - \dots = \dots$$
