

Welcome to Panama

Welcome to Panama. I am Luis Castillo and I am your tourist guide. Visiting Panama is a unique experience. There are many historical places and attractions to **enjoy**. In the city, you can visit the Casco Viejo and the Old City of Panama, to know more about our **fascinating** colonial history. Besides, you can go to the Amador Causeway and **take a look** to the **biodiversity museum** and the Smithsonian **Exhibition Center**.

If you like **beaches**, you can take a **trip** to Taboga, and Contadora which are famous islands **near** the city; you can also visit the San Blas **archipelago**, or Bocas del Toro and enjoy the colorful Colon **Island**. However, if you are a mountain community lover, you can go to the Anton Valley in Coclé, and to Boquete in Chiriquí, I am sure you will like their cold and **pleasant weather**.

No matter what your plans are, make sure you don't **forget** to visit the Panama Canal.
