

Listen to Phillip, fill in the gaps and check your ideas.

Well, I wake up at 7 and go to bed at 1. every day, even at the weekend. I spend lots of time on 2. and I don't like it really. I go out a lot with my friends after school. We ride bikes, have picnics in the park, play football and just have 3. My favourite thing to do is reading and playing Lego with my brother.

My favourite day of the week is Friday. Actually, it's Friday afternoon, when my weekend starts. That's why I like it so much. And there's a workshop in our Art Centre that I go to every 4. I really like it there because every time you learn to do something new.

Once we painted the sky, on the other day I decorated the 5. for my room. Last week we made photo frames and decorated them with 6. and seashells.

Saturday is OK, but I do my homework in the morning and sometimes it's too difficult or too much. Sunday isn't fun at all: 7. is coming.
