

Keyboard Keys

Keyboard is an input device which helps us to type letters, numbers and symbols.

Fill in the missing keys on the keyboard.

The diagram shows a standard QWERTY keyboard layout with the following labels:

- Row 1:** ~ (underscore), ! (1), @ (2), # (3), \$ (4), % (5), ^ (6), & (7), * (8), ((9),) (0), - (=), + (=), Backspace
