

Restamos

Vamos a restar como en el video: descomponiendo los números.
Completá todos los pasos, (si no te acordás cómo se hace, mirá el ejemplo).

$$\begin{array}{rcccl} 57 & - & 14 & = & \\ \swarrow \downarrow & & \downarrow \swarrow & & \\ 50 & & 10 & & 4 \\ \swarrow \searrow & & \swarrow \searrow & & \\ 40 & + & 3 & = & 43 \end{array}$$

$\begin{array}{rcccl} 49 & - & 25 & = & \\ \swarrow \downarrow & & \downarrow \swarrow & & \\ \square & \square & - & \square & \square \\ \swarrow \searrow & & \swarrow \searrow & & \\ \square & + & \square & = & \square \end{array}$	$\begin{array}{rcccl} 74 & - & 51 & = & \\ \swarrow \downarrow & & \downarrow \swarrow & & \\ \square & \square & - & \square & \square \\ \swarrow \searrow & & \swarrow \searrow & & \\ \square & + & \square & = & \square \end{array}$
$\begin{array}{rcccl} 68 & - & 45 & = & \\ \swarrow \downarrow & & \downarrow \swarrow & & \\ \square & \square & - & \square & \square \\ \swarrow \searrow & & \swarrow \searrow & & \\ \square & + & \square & = & \square \end{array}$	$\begin{array}{rcccl} 74 & - & 30 & = & \\ \swarrow \downarrow & & \downarrow \swarrow & & \\ \square & \square & - & \square & \square \\ \swarrow \searrow & & \swarrow \searrow & & \\ \square & + & \square & = & \square \end{array}$
