

"COPYCAT"

BILLIE EILISH

Don't be cautious, don't be **kind / mine**
You committed, I'm your crime
Push my button **anytime / anywhere**
You got your finger on the trigger, but your trigger finger's mine

Silver dollar, golden flame
Dirty water, poison **drop / rain**
Perfect murder, take your aim
I don't belong to anyone, but everybody knows my **name / face**

By the way, you've been uninvited
'Cause all you say are all the same things I **said / did**

Copycat trying to cop my manner
Watch your **back / way** when you can't watch mine
Copycat trying to cop my glamour
Why so sad bunny? Can't have mine?

Call me calloused, call me **cold / hot**
You're italic, I'm in bold
Call me cocky, watch your tone
You better love me, 'cause you're just a **boy / clone**

By the way, you've been uninvited
'Cause all you say are all the same things I **said / did**

Copycat trying to cop my manner
Watch your **back / way** when you can't watch mine
Copycat trying to cop my glamour
Why so sad bunny? Can't have mine?

Mine
I would hate to see you **go / cry**
Hate to be the one that told you so
You just crossed the line
You've run out of **time / love**
I'm so sorry, now you know
Sorry I'm the one that told you so
Sorry, sorry, I'm sorry, sorry...
Psych!
